for Which the Justin White Medat Was Offered-Summaries.

There was a large crowd on the Harrisburg road yesterday afternoon to witness the road races which had been arranged under the direction of Can Culmore, who has labored hard to make this occasion a great success. Bioveling is now a sport of considerable interest throughout the whole country, and in Houston there are many devotees of the wheel. The attendance yesterday was of both ladies and gentlemen, and every one present seemed auxlous vehicles from Anderson's store for an eighth of a mile down, and there were several hundred on wheels.

Before the races commenced the new giving the result of the prize fight was received and announced. This was received with cheers, and then all interest turned to the race. George B. Griggs was ref eree. C. Arthur Williams starter, and the requisite number of judges and scorers were present. The first race was a mile open, with

time limit of 2:30. There were a number of entries, but there is yet some doubtes to what the decision of the judges will be although it is possible the riders will be placed as they finished, which is as for lows: As h Culmore first; Bismarck Diffi-ner, excend T. Copping, third, W. Gale fourth, March Culmore, firsh. At about the quarter mark Jerome Swinford was thrown, by a collision with Arch Culmore and was badly bruised. He did not finish Culmore however. Culmore, however, continued in the race, and near the finish he was fighting hard. Dilaner trying to take the lead, but Culmore had the advantage by a wheel. Dilaner was riding hard on the left of the read, and Culmore crowded him to the edge. Dilaner crying to his opponent to allow him room. Dilaner was crowded aledge Diliner crying to his opponent to allow him room. Diliner was crowded almost into a carriage wheel at the side of the road, and Culmore finished about six inches in front. Diliner claimed a foul Swinford entered a protest, all of which was considered by the judges. Later when Swinford went before the judges he could not say resilively that he was fouled. Culmore protested that he was only taking the advantage allowed him under the rules, that he rocketed his man and kept him from passing him. There was considerable excitement over the matter, but it is understood the decision of the judges will be that. Culmore is entitled to the Justin White medal, which was the first prize for that race. Swinford was badly hurt, but after a good rub-down he exhibited his staying powers and went in several other races, and finished first in two of them. He will be ted his staying powers and went in sev-eral other races, and finished first in two of them. He will be a fast man with a
